

# STEWARDSHIP

WEEK 5

TAKING CARE  
OF WHAT  
YOU HAVE

BECAUSE IT  
ALL BELONGS  
TO GOD

MEMORY VERSE | Luke 16:10a

## FOOD for THOUGHT :

Ryan Hickman was only 3½ years old when he learned the benefits of recycling. Ryan cares a lot about the earth and protecting it, and he's also seen that if he works hard at the task of helping the environment, he can earn money to both go to college and to give to organizations that are helping animals and the environment. So far, Ryan has saved more than \$10,000 for college. He also began selling t-shirts on his website, [www.ryansrecycling.com](http://www.ryansrecycling.com), and he donates the proceeds from the shirt sales to the Pacific Marine Mammal Center to help provide food and medicine for sea lions.

What are some of the ways that Ryan is being a good steward? (Hint: think about all that God has made and given him.) Is there something God has given you that you could use (or re-use!) to make the world a better place?

**Just for  
FUN!**
