

CREATIVITY

IMAGINING WHAT YOU
COULD DO BECAUSE YOU'RE
MADE IN GOD'S IMAGE

WEEK

4

MEMORY VERSE | Psalm 145:3

CREATIVITY CHALLENGE:

This week, you're going to look for God's creativity all around. As a family, determine a Creativity Headquarters somewhere inside or outside your house, and establish a time to meet up later in the week. Make it a goal that every day until you meet up again, each of you will either take a photo of something cool God made, or bring a sample of it back to the Creativity HQ. If you can't take a picture, then draw one, or write a description of it. If you find a cool rock on a hike, bring it back to HQ. If you see an unusual bug, write a description of it.

At the end of the week, meet back up at your Creative Headquarters and share all that you found. If you need to, look up some of your discoveries online—maybe you found a rare plant or bug! Talk about what your different creative discoveries teach you about God. Were you surprised to see God show up in His creation? What does His limitless creativity show you about your ability to create?

**Just for
FUN!**

Have you seen the long necked beetle? What animal does it remind you of? <https://youtu.be/m4iutKxvNaY>
